

# Independent Living Centre WA Country Services

## Assistive Equipment, Technology and Home Modifications

### For your Independence, Safety and Wellbeing

Our team of occupational therapists and speech pathologists travel throughout country WA to provide an information and advisory service about assistive equipment, technology and home modifications.

Our aim is to help you choose and access the most suitable options for greater independence, safety and wellbeing.

## **ILCs health professionals can provide you with expert information and support on a wide range of assistive equipment and technology including:**

- wheelchairs and scooters
- telephones
- showering, toileting and dressings aids
- kitchen equipment
- emergency call systems
- seating, beds and mattresses
- hoists and transfer aids
- grab rails and ramps
- bathroom modifications
- communication aids and devices
- smart home technology for controlling appliances
- literacy software, apps and gadgets
- and much more.

## What we offer in the country:

- community displays
- group presentations
- staff training and development
- in-home appointments
- school-based appointments
- videoconferencing
- Skype virtual tours of the ILC display floor in Nedlands

We provide a service to the whole community, with a particular focus on children and adults with a disability and senior citizens. Carers, service providers and professionals working in health, aged and community care are also welcome to access the ILC country services.
